Vizianagaram, Andhra Pradesh | +91 8919601110 | chukkarohini943@gmail.com | github.com/Rohini122006 | linkedin.com/in/rohini-chukka

Professional Summary

Motivated Computer Science student at Adikavi Nannaya University with a strong foundation in programming and software development. Proficient in C and Python with academic project experience. Strong problem-solving and analytical skills with a passion for building efficient solutions. Eager to contribute as a collaborative team player in a dynamic internship environment.

Education

Bachelor of Technology in Computer Science Engineering Adikavi Nannaya University, Rajahmundry CGPA: 8.48/10	Aug 2023 – May 2027
Intermediate (MPC), MJP AP BCWRES Junior College, Vizianagaram, Andhra Pradesh CGPA: 9.17/10	June 2021 – March 2023
Secondary School Education, MJP AP BCWRES School, Vizianagaram, Andhra Pradesh CGPA: 9.85/10	June 2020 – May 2021

Skills

Programming Languages: C, Java, Python (Basics)
Web Technologies: HTML, CSS, JavaScript, Node.js (Basics)
Databases: SQL, MySQL, MongoDB
Core CS Concepts: Data Structures & Algorithms, Operating Systems, Computer Networks
Tools: VS Code, MS Excel

Professional Experience

Full Stack Development Using Python Intern Spypro Security Solutions Pvt.ltd, Vijayawada Worked on Developing an Online learning platform Developed and implemented a responsive Smart weather report application using HTML, CSS, and JavaScript to display Real-time weather data using a Weather API through a interactive user interface.	May 2025 – June2025
---	---------------------

Projects

Weather Report Web Application (Full Stack Development) Designed a Smart weather report web application that fetches and displays real-time weather weather dashboard with temperature, humidity, wind speed, sunrise and sunset details using a weather API. Tools & Technologies Used: HTML, CSS, Java Script, Weather API, VS Code	View GitHub
Sentiment Analysis Using Naive Bayes Classifier (NLP) Built a Naïve Bayes–based sentiment analysis model using Python and NLP to classify 2,000+ Amazon Alexa reviews with 85% accuracy. Tools & Technologies Used: Python, Naïve Bayes Algorithm, NLP, Kaggle Dataset, Scikit-learn, Matplotlib	

Certificates

- HTML, CSS, JavaScript from Infosys Spring board
- Full Stack Development Using python from Spypro Security Solutions Pvt.Ltd
- Building with Artificial intelligence from Saylor.org

Soft Skills

- Communication
- Team Work
- Problem Solving
